ANNOUNCEMENT

GOLDBOD FX GENERATION AND SALES UPDATE - NOVEMBER 2026

In October 2026, the Ghana Gold Board (¨GoldBod¨) in accordance with its mandate under section 2(b) of ACT 1140, generated from its ASM gold trade operations, foreign exchange (FX) totaling US$1.011 billion.

The full amount of foreign exchange generated - US$1.011 billion was sold to authorized commercial banks on the GoldBod GoFX platform to support FX market stability in the month of October.

In November 2026, GoldBod projects to generate a total of US$1.2 billion in foreign exchange from its ASM gold trade operations. Of this amount, US$800 million will be made available to commercial banks to support FX market stability.

FX sales will be conducted on the GoldBod GoFX platform in line with the approved FX Sales and Intermediation Framework to ensure transparency, fairness and regulatory compliance.

The GoldBod remains committed to its statutory mandate to generate foreign exchange for the country and will continue to support foreign reserve accumulation by the Bank of Ghana, in accordance with the Ghana Accelerated National Reserve Accumulation Policy (GANRAP).

SIGNED.
